LITEPAPER

DEGEN GANG TOKEN ECOSYSTEM

Recruiting industry experts working with the top 100 projects (CMC as of October 2021) the Degen Gang has created an innovative new token ecosystem which brings the best of DeFi into the NFT, Gaming and Metaverse space.

These solid foundations with complex theory underpin the business plan, token system and long term goals of the Degen Gang, ensuring it is both rewarding and most importantly enjoyable for everyone who engages with the project.

The ecosystem is fundamentally designed to reward Degen Gang NFT holders.

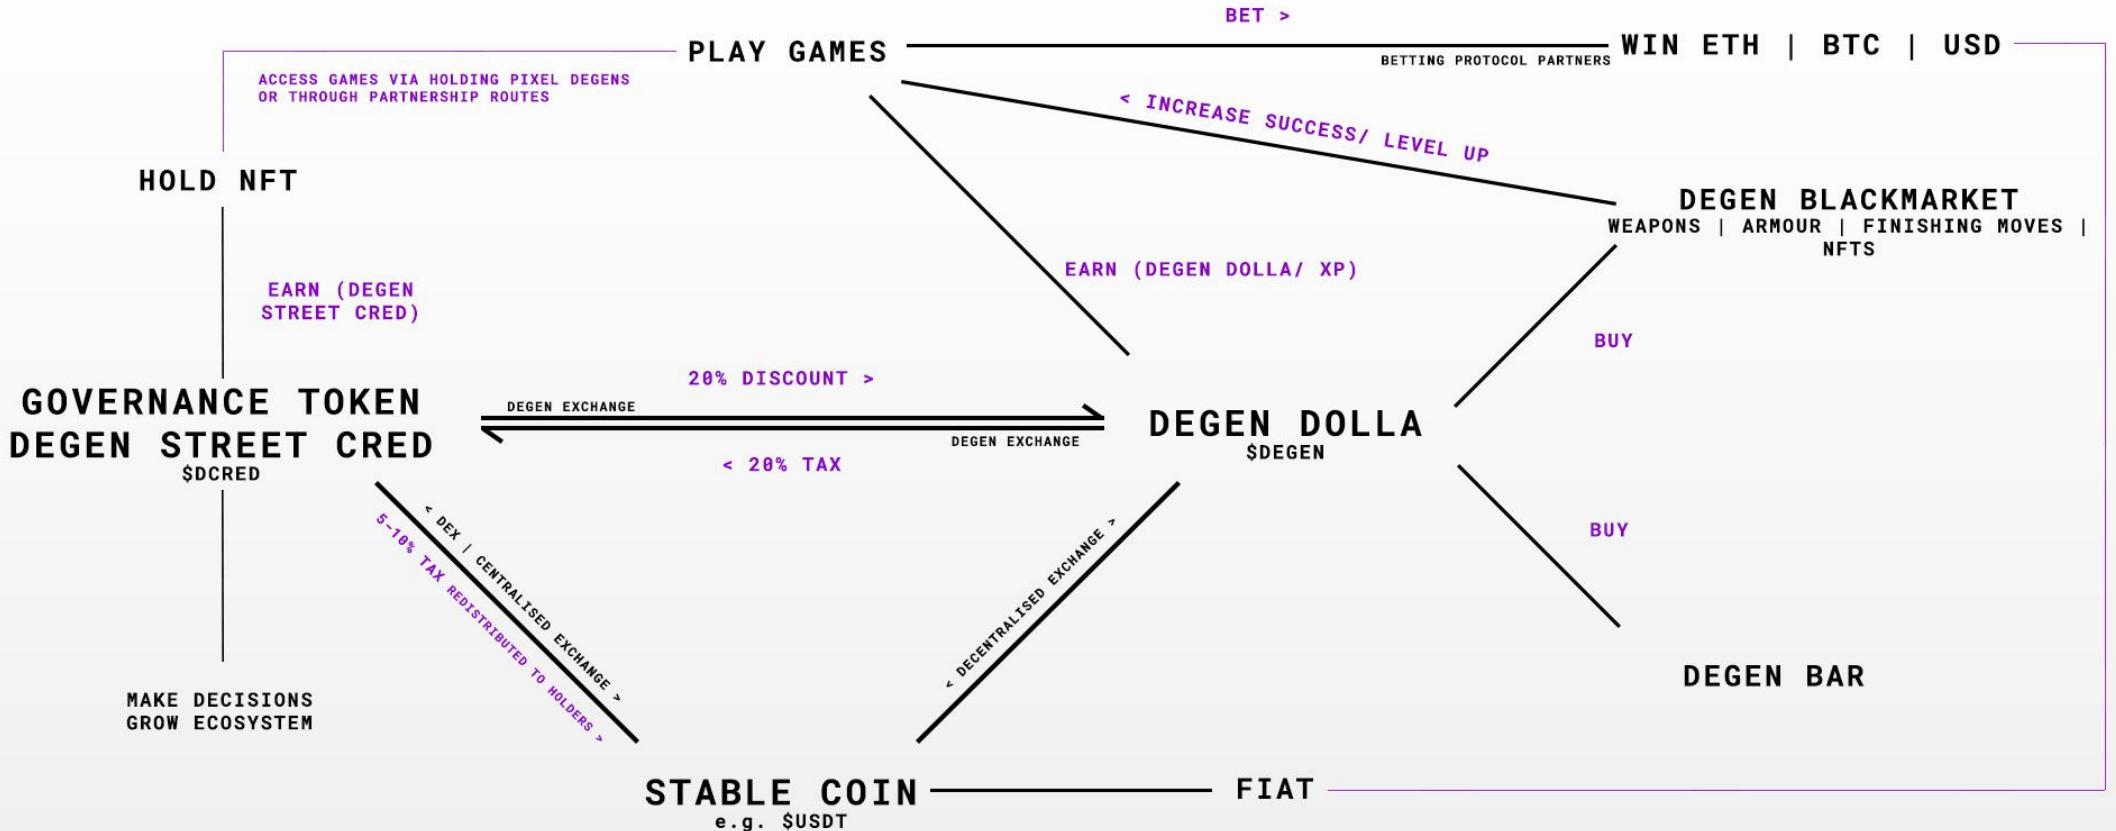

DEGEN STREET CRED (\$DCRED)

Our deflationary governance token, **Degen Street Cred (\$DCRED)**, will give holders voting power to help shape the future of Degen Gang and further grow the ecosystem.

DEGEN DOLLARS (\$DEGEN)

Our ingame token, **Degen Dollars (\$DEGEN)**, will be earned from playing Bar Fights. You will be able to spend Degen Dollars in the Degen Blackmarket and in the Degen Bar.

DEGEN STREET CRED

\$DCRED

As with any gang, the longer you're in, the more you contribute and the more influential you are, you gain street cred.

Degen Street Cred, \$DCRED, is our governance token that will give degens the power to influence decisions and decide how the ecosystem should further develop.

HOW CAN I USE MY \$DCRED?

Name your Degen on the blockchain.

Congratulations. You're now a true degen. Time to let the rest of the world know. 300 \$DCRED to make it permanent on the blockchain and 300 \$DCRED to tell them your story and write a lore.

Breed a New Degen...

There's rumours of evil scientists selling beasts in the degen labs. It will cost you 1000 \$DCRED and you may not like what you find...Activate Beast Mode?

Governance

Vote on matters of importance to Degen Gang and help shape the future of the ecosystem.

LOOT REWARDS
